

ABHIK ROY

EDUCATION

- Western Michigan University
Ph.D. in Program Evaluation  Kalamazoo, MI
- Michigan Technological University
M.S. in Mathematics  Houghton, MI
- West Virginia Wesleyan College
B.S. in Mathematics  Buckhannon, WV

PROFESSIONAL EXPERIENCE

2025
|
2024

- *Associate Research Scientist*
Indiana University  Bloomington, IN
 - **Applied Advanced Research Methods.** Used statistical, machine learning, and qualitative approaches to analyze raw data and generate meaningful evaluation findings.
 - **Communicated Results.** Presented methods, results, and practical implications to stakeholders through slide decks, briefs, and small-group discussions.
 - **Created Accessible Data Visualizations.** Produced color-safe charts, dashboards, and infographics that remained readable for viewers with diverse visual abilities.
 - **Developing Competitive Research Proposals.** Prepared grant proposals outlining objectives, study designs, budgets, and timelines for external-funding submissions.
 - **Engaged in Stakeholder Collaboration.** Collaborated with external partners in participatory sessions, translating evidence into program guidance and policy draft language.
 - **Led Research and Evaluation Projects.** Monitored budgets, schedules, and task lists to keep projects within scope and on time.

|
2016

● *Assistant Professor*
West Virginia University

📍 Morgantown, WV

- **Analyzed and Visualized Data for Diverse Audiences.** Processed internal and external data sources and produced more than 20 interactive visualizations using RMarkdown and Shiny to support dissemination.
- **Built Automated Data Systems.** Developed systems to automate data collection, cleaning, and analysis, improving efficiency and accuracy across multiple research projects.
- **Designed and Deployed Web-Based Surveys.** Developed interactive surveys on the Qualtrics platform, using HTML, CSS, and JavaScript to improve user experience and aesthetics, resulting in over 7,000 responses across multiple studies.
- **Led and Contributed to Federally Funded Evaluations.** Participated in 12 program evaluations, leading several and supporting analysis on others, primarily in education and health.
- **Published Peer-Reviewed Publications.** Authored 10 peer-reviewed articles and presented findings at over 20 conferences, primarily national, reaching interdisciplinary audiences.
- **Mentored Graduate Students Through Degree Completion.** Supported three Master's and one PhD student through all stages of their graduate work, including research, analysis, and writing.
- **Taught Methods-Focused Courses with a Data Science Emphasis.** Delivered courses in evaluation, research methods, measurement, and survey design to several hundred students, emphasizing applied data science and real-world data use.

2016
|
2014

● *Data Analyst*
University of Kansas

📍 Lawrence, KS

- **Analyzed the Impact of Student Services.** Merged surveys, interviews, and registrar data to study how advising affected persistence, retention, and graduation.
- **Built Web Applications and Dashboards.** Automated data pulls from the Oracle warehouse and refreshed Tableau dashboards with new R scripts.
- **Conducted Research to Improve Retention.** Built predictive and survival models that flagged at-risk students, supporting tactics that raised retention by as much as five percentage points.
- **Developed an Evaluation Model for Advising.** Synthesized findings from Delphi panels, interviews, survey metrics, and time-to-event analysis into a unified framework for evaluating advising quality.
- **Designed and Executed Questionnaires.** Distributed questionnaires to 300 students and staff; response rates fell between 47% and 91%, depending on the project.
- **Led Tailored Evaluations.** Ran needs assessments and participatory evaluations for advising, student-life, and support units.

SELECT EVALUATION WORK

Current
|
2023

● *Lead Program Evaluator & Methodologist - Healthy Start Initiative* ([HRSA-19-049](#) Total Award: \$5,470,000)
West Virginia University Research Corporation

📍 Morgantown, WV

- Created and validated survey instruments to assess participant experiences, collecting data from more than 50 individuals.
- Conducted evaluation studies of program activities and authored the evaluation section of the HRSA annual report, as well as a related federal funding renewal proposal.
- Designed and led program-level evaluations, including process, monitoring, and impact studies.
- Developed and implemented a mixed-methods study to analyze longitudinal and cross-sectional data, focusing on smoking cessation among mothers and the experiences of new or distant caregivers and fathers.

2022
|
2017

● *Community Program Evaluator & Data Scientist*
WVCTSI: West Virginia Clinical and Translational Science Institute ([2017-NIH 2U54GM104942-02](#) Total Award: \$20,000,000)
West Virginia University

📍 Morgantown, WV

- Authored quarterly reports as well as internal and external annual evaluation documents, disseminated both in print and through interactive formats developed in Rmarkdown.
- Created data visualizations and developed Shiny applications support internal and public data exploration.
- Designed and disseminated tailored Qualtrics surveys reaching over 5,000 individuals, with user experience and visual design enhanced through HTML, CSS, and JavaScript
- Led local and multi-site evaluation studies that informed policies across five core medical research and health outreach efforts.
- Mentored multiple graduate students in social data science as they developed and completed independent research projects.
- Published and presented research on WVCTSI programs in academic journals and at conferences.
